One hot summer night and we take your boat out on the lake
Sunshine through the night and the party follows our wake
Turn on the radio, tonight we're gonna stay awake
Ready to take it all
Ready to rock the boat
Here we go!

We were
BORN TO ROCK, all summer long
BORN TO ROCK, we're never going home
BORN TO ROCK, all summer long
BORN TO ROCK, so baby let it roll

Good times on the deck I'm gonna light another cigarette
Sun will never set this might be just as good as it can get
Good times down below tonight we're gonna break a sweat
Ready to take it all
Ready to rock the boat
Here we go!

We were
BORN TO ROCK, all summer long
BORN TO ROCK, we're never going home
BORN TO ROCK, all summer long
BORN TO ROCK, we ain't going home
Never go

We were
BORN TO ROCK, all summer long
BORN TO ROCK, we're never going home
BORN TO ROCK, all summer long
BORN TO ROCK, we ain't going home
Never go
