I take it easy on a sunny day
As I'm rolling down the street
I'm missing work like I've done for days
But I'll get tan on my cheek
I got no money, I'm bum in the sun
It fits my philosophy

Everybody improvise, oh oh oh
Life's a party in disguise, oh oh oh
So let it go, let it go
And take a chance

Big adventure calls
Yeah, it's easy to handle it
All you need is big balls, coconuts baby
Big adventure calls
Hell yeah this sh*t is bananas
All you need is...

There ain't a person that can tell me no
I live exactly as I please
I got respect for every boy and girl
Not for authority
I don't practice what I preach
Cause I, I master being me

Ain't it great how life is grand, oh oh oh
Everyday is larger than jumbo, oh oh oh
I like the jumbo baby
So let it go, let it go
And take a chance

Big adventure calls
Well, it's easy to handle it
All you need is big balls, coconuts baby
Big adventure calls

Hell yeah this sh*t is bananas
All you need is... coconuts baby, coconuts

Ain't it great how life is grand, oh oh oh
Everyday is larger than jumbo, oh oh oh
I'm improvising man
I ain't got no time to do anything else
And take a chance

Big adventure calls
And it's easy to handle it
All you need is big balls, coconuts baby
Big adventure calls
Hell yeah this sh*t is bananas
All you need is... woo

Big adventure calls
All you need is big balls, coconuts baby
Big adventure calls
All you need is coconuts baby, coconuts
Big adventure calls
Hell yeah this sh*t is bananas
All you need is...
