Baby I'm the fire and your body is my fuel
The needle and the puppet in my sexual voodoo
I've got this crazy drive
And you know that I cannot be tamed
When I kiss your burning skin I wanna hear my name

You feed my wild side
N' all I want from you
is your touch tonight
You feed my wild side
N' all I need from you
is your touch tonight
WILD TOUCH

I'm afraid to think what I will turn this night into
I gotta hunger for tough love and the target might be you
It doesn't really matter if you'r only seventeen
Satisfaction guaranteed I promise that you'll scream

You feed my wild side
N' all I want from you
is your touch tonight
You feed my wild side
N' all I need from you
is your touch tonight

Baby I'm a liar and you haven't got one clue
What if I'm the teacher and I tell you that it's true
Everybody in this sick world is just about the same
With a personality for pleasure and the pain

You feed my wild side
N' all I want from you
is your touch tonight
You feed my wild side
N' all I need from you

is your touch tonight x2
