I wanna give it to you
I wanna give it to you, give it to you, give it to you, give
it to you

No questions, let's have some fun
I wanna give it to you, give it to you, give it to you, give
it to you
Be patient, we'll have good times
I wanna give it to you, give it to you, give it to you, give
it to you

Hey Mr.DJ play your song for me
Something I can groove on you
I wanna spend some time with you
We got one night, so baby take your time
Make sure what you feel is true
I wanna dance the whold night through

Don't you worry about a thing
I'm gonna be right here, cause the music feels so good
inside
Take it slow and make it best, Baby have no fear
Cause I wanna be with you tonight

No questions, let's have some fun
I wanna give it to you, give it to you, give it to you, give
it to you
Be patient, we'll have good times
I wanna give it to you, give it to you, give it to you, give
it to you

Since that we met some let the rhythm take control
This time you surely know when I drop the music flow
Tonight's the night to get your boogie on
Keep your head up and stay strong, Let's party to break
the dawn

Don't you worry about a thing
Shanice is here, and the music feels so good inside
Take it slow and make it best, Baby have no fear
Cause I wanna be with you tonight

No questions, let's have some fun
I wanna give it to you, give it to you, give it to you, give
it to you
Be patient, we'll have good times
I wanna give it to you, give it to you, give it to you, give
it to you

You know this song, please call the DJ
Now he's the one keeps the vibe long all through the
night
So give it up to the DJ
Cause baby, the music feels so good inside

No questions, let's have some fun
I wanna give it to you, give it to you, give it to you, give
it to you
Be patient, we'll have good times
I wanna give it to you, give it to you, give it to you, give
it to you
No questions, let's have some fun
I wanna give it to you, give it to you, give it to you, give
it to you
Be patient, we'll have good times
I wanna give it to you, give it to you, give it to you, give
it to you
