You know, it's funny how a woman can get caught up in  
their imagination  
Like a movie or something  
And their mind take over and having them actually  
think what is an illusion is reality,  
But I'm here to set the record straight honey,  
Girl, ain't no woman gonna stay claim on my property  
when they couldn't afford in the first place.

Oh girl, I can't help that I have a man so fine,  
But I can tell you one thing,  
He ain't thinking about your type (?)  
And I know you wish you had,  
But you missed out on that train,  
I ain't have said it all sweet,  
I'm just trying to explain

That you can't go around and try mess up a happy  
home  
You need to find a man of your own game  
Leave my man alone  
Oooh this reminds me

This reminds me of things in the movies  
When the story is made up in your head  
Like fatal attraction inefficient and misery  
I know about your history  
Girl you got it wrong  
(2 x)

Oh girl, in your mind you're being mislead  
'Cause every night my man is with me  
And he is sleeping in my bed  
You're living in a world of make-believe  
How many tricks have you got up your sleeve  
I'm talking to you woman to woman  
And I'm trying to make you see

That you can't go around and try mess up a happy  
home  
You need to find a man of your own game (?)

Leave my man alone  
This reminds me of

This reminds me of things in the movies  
When the story is made up in your head  
Like fatal attraction inefficient and misery  
I know about your history  
Girl you got it wrong  
(2x)

You're lucky I'm a woman with class  
Cause if I wasn't I get ghetto on you fast (?)  
I refuse to step down to your level  
I'm not a kid in high school  
I'm not gonna act a fool  
(2x)

No baby this reminds me

This reminds me of things in the movies  
When the story is made up in your head  
Like fatal attraction inefficient and misery  
I know about your history  
Girl you got it wrong  
(2x)

You got it wrong, yeah you might, yes you do (?)  
He's my man  
And he ain't going nowhere  
No, no, no, no, no, no, no, no, no
