(Einz, treinz, three four)(1, 2, 3, 4 in German)
Please take all that I give, for I could never live
Without you
My heart would change it's hue, a shade forever blue
Without you
These two are one
Don't know why, I don't know why, I don't know why you
Love me
I don't know why, I don't know why, I don't know why
You care

But I'll try
With all of my might

Now that familiar story, of love's forbidden glory
Is playing on my mind again
First my heart says I could, then my soul says I should
They're doing that to me again

More than your eyes, or the skies
We'll find the truth wherever it lies
More than the fears, or the tears
We shall count on love through the years

Because it's all in the name of love

So won't you enter my, enter my, enter my, enter my,
Enter my heart
Oh, can't you see what you do to me
Oh, can't you see you're getting through to me

Despite all that I've learned, I always seem concerned
About you
And though I'm fond of blue, that shade will never do
Around you
These two are one

Don't know why, I don't know why, I don't know why you
Love me
I don't know why, I don't know why, I don't know why
You care

So I'll try hard
With all of my might
I won't give up the fight, and I won't lose the sight

And I'll try hard
With all of my might
I won't give up the fight, I won't lose sight
Because it's all in the name of love
