I've lost my mind on what I'd find

All of the pressure that I left behind

On Allison Road

Fools in the rain if the sun gets through

Fire's in the heaven of the eyes I knew

On Allison Road

Dark clouds file the moon is near

Birds fly by a.m. in her bedroom stare

There's no telling what I might find

I couldn't see I was lost at the time...

Yeah I didn't know I was lost at the time

On Allison Road

So she fills up her sails with my wasted breath

And each one's more wasted than the others you can  
bet

On Allison Road

Now I can't hide so why not drive

I know I want to love her but I can't decide

On Allison Road

I didn't know I was lost at the time

Eyes in the sun where the road wasn't wide

So I went looking for an exit sign

All I wanted to find tonight...

Etc.

29

Time won't stand by forever if I know it's true

And I've learned not to say never

Or else I'll seem the fool

Twenty-nine you'd think I'd know better

Living like a kid

When my lies seem less than clever

Is when I fall for it

Only time will tell if wishing wells

Can bring us anything

Or fade like scenes from childhood dreams

Forgotten memories

Some rides don't have much of a finish

That's the ride I took

Through good and bad and straight through  
indifference

Without a second look

There's no intention worthy of mention

If we never try

So hang your hopes on rusted out hinges

Take 'em for a ride

Only time will ...etc
