

Red Lorry Yellow Lorry

"Happy To See Me"

Visit "[Happy To See Me](#)" on MotoLyrics.com

In your smile I could tell you were happy to see me
In your eyes I could tell you were happy to see me

I was running from a world so cold, I was on the other
Side
And oh if love could be an easy game, I 'd be in your
Arms tonight

This is right, when you're down you look happy to see
me
All along I could tell you were happy to see me

I was running from a world so cold, I was on the other
Side
And oh if love could be an easy game, I 'd be in your
Arms tonight

In your eyes I could tell you were happy to see me
All along I could tell you were happy to see me

Happy to see me. Happy to see me.
