It's to high, it's so high.
Each and every time i try to reach it, it disappears up in
the sky.
It's unfair, it's so unfair.
'Cause each and every time i try to reach it, it's to far
up there.

And it hurts, it hurts.
Everytime i try to make it better,
it's only getting worse, only getting worse.
It's so wrong, it's so wrong.
Everytime i try to talk about it he says 'We don't get
along'.

It's unreal, so unreal.
You should be more careful 'bout what you say,
'cause you don't know how i feel.

And it hurt, it hurts.
Everytime I try to make it better, it's only getting worse.
It's to much, it's to much.
Everytime i try to give my best to you, it's just not good
enough.
It's just not good enough,
just not good enough, just not good enough,
just not good enough.
