"My Adobe Hacienda"

In my adobe hacienda there's a touch of Mexico

Cactus lovelier than orchids blooming in the patio

(Soft desert stars and the strum of guitars) makes
every
Evening seem so sweet

In my adobe hacienda life and love are more complete

[ac.guitar]

In my adobe hacienda nested in the western hills

Evening breezes softly murmur harmony with
whippoorwills

(When setting sun says the long day is done) sweet
music
Starts to fill the air

In my adobe hacienda harmony is everywhere
