Sing something sweet if you ever need attention,
I'll be the first one to come.
You write your words with such effortless distraction,
I was so lost in your every word.

Can I be something you starve for?
I swear my heart will be complementary.
You twist around with the grace -
Now, all that I can see is you.

Somewhere between California and summer,
I lost your name from the tip of my tongue.
But now, even if I had the nerves to find you
I wouldn't know what to say.

Can I be something you starve for?
I swear my heart will be complementary.
You twist around with the grace -
Now, all that I can see is you.

Capture me now
With all you do
Capture me now
Will all you do

Six in the afternoon, that's when I think of you.
Grab all your pictures.
I'll cross my fingers,
Cause whiskey does wonders when everything seems
to be wrong

The time before midnight
That's when it hits me most
I'll try my best to sing you a song
Maybe you'll hear me, hope you can hear me, love.

Can I be something you starve for?
I swear my heart will be complementary.
You twist around with the grace -
Now, all that I can see is you.
