When you grab a hold of me
Baby you know that you got it
When you touch me you set me free
Oh, baby how you rock it!
When I hold you close to me
I feel this living through my pocket,
I know this is how I like to be
So I just got to a locket.

Chorus:

All I say is been so long, long time,
And I can't seem to get you off my mind
You got me spinning round and round
Is this love I found?

Oh baby when you kiss my lips
Your touch is a soft wind
...and I don't care who is watching!
Who knows if this was meant to be
It could be nothing, could be heaven
Bless your heart, you made me wanna see
I just pray that you're listening!

Chorus:

All I say is been so long, long time,
And I can't seem to get you off my mind
You got me spinning round and round
Is this love I found?

Is there anything left to say?
Some words are softly spoken
What you're whispering in my ear?
To call my heart with your talking!
There's only you and me tonight
So I hope you remember
You didn't tell much .. my life,
Love is better than ..

Chorus: (x2)

All I say is been so long, long time,
And I can't seem to get you off my mind

You got me spinning round and round
Is this love I found?
