I'm wakin' up to just the sun
Feels good to have this freedom, oh yeah
Got no regrets or things unsaid
Just stretchin' out in my king size bed, yeah
And I get to say where the day will go
And I get to hold the remote control
Don't care what's around the bend
'Cause I know

For the first time in my life
I'm not to afraid to do what's right for me
No there's nobody else
Don't be hard on yourself
There isn't anything you can say to me now
I never knew I'd feel the way I do
It's a hard truth
But I like who I am without you

An empty space still kinda aches,
But it gets better each day
'Cause I compromised so many times
But now I choose my own way
I haven't put me first for the longest time
Now there's nobody else who can take what's mine
And I'm sorry if you can hate that I'm doing fine

For the first time in my life
I'm not to afraid to do what's right for me
No there's nobody else
Don't be hard on yourself
There isn't anything you can say to me now
I never knew I'd feel the way I do
It's a hard truth
But I like who I am without you

My friends say they've never seen me like this
Single looks good on me, I admit
Got to know myself a little bit
And what do you know,
I'm a pretty cool chick
Feelin' like a new born child
Seein' the world through wider eyes

Funny how losing you brought back my confidence

For the first time in my life
I'm not to afraid to do what's right for me
No there's nobody else
Don't be hard on yourself
There isn't anything you can say to me now

For the first time in my life
I'm not to afraid to do what's right for me
I never knew I'd feel the way I do
It's a hard truth
But I like who I am without you

I'm wakin' up to just the sun
Feels good to have this freedom.
In my king size bed, I got no regrets
