Well don't always takes the 55 dollar PA  
He let that trip go down and get away  
And he stands in line  
And don't miss a thing  
Because the place to the east is  
Better than where he's been

He must be lyin', what a fool  
To think that now  
It's alright  
How did you play it, are you low thinkin' it baby?  
'Cause

This is how it's gonna feel when you're going down

Here come the man of the world Robinson Crusoe  
He must of known what living is for  
(Why defy?) drinking rum on a dead man's chest  
He leaves it up to the devil and  
And the devil will do the rest

(I just feel cold?) c'est la vie

Say the women  
It's alright  
I have to get away, ?  
Say sailin on in the flow?  
'Cause

This is how it's gonna feel when you're going down  
This is how it's gonna feel when you're going down

I fought a lot of years for you  
But I just keep on trying  
To find some way to break your heart  
And all your dreams will fall apart

How could you play  
How'd you know you got it  
It's alright  
I'll get you there anyway, baby

This is how it's gonna feel when you're going down  
This is how it's gonna feel when you're going down

Dropped dead, cut? down low  
It's so sad
