As you leave

You can see i don't understand

So to hell with all of your plans

And i hoped it would be alright

Well i must be out of my mind

You can see i don't understand

So to hell with all of your plans

And i hoped it would be alright

Well i must be out of my....

Rain is taking over i just don't understand

Rain is taking over i just don't understand

The rain is taking over i just don't understand

The only cure is in the touch of your hand

As you leave

You can see i don't understand

So to hell with all of your plans

And i hoped it would be alright

Well i must be out of my mind

Begged you please try to understand

One minute of your time if you can

Could be wrong

Don't want to be right  
But i must be out of my mind  
Rain is taking over i just don't understand  
Rain is taking over i just don't understand  
The rain is taking over i just don't understand  
The only cure is in the touch of your hand  
In your hand  
Rain is taking over i just don't understand  
As you leave  
You can see i don't understand  
So to hell with all of your plans  
And i hoped it would be alright  
Well i must be out of my mind  
See i don't understand  
So to hell with all of your plans  
And i hoped it would be alright  
Well i must be out of my....  
Mind
