

Reegs "Pond Life"

Visit "[Pond Life](#)" on MotoLyrics.com

Can anyone explain?
The rules are insane
I try to refrain
Confusing myself again

This is our home but what can we do
Millions of vehicles still burning their fuel
My conscience is going and hope yours is too
Will we ever learn too...
Promises bound
White papers not enough
Heads to the ground
There's beauty but not enough

Poisoning glow
Seasons unchanged so
I've got to get to know, that
Something's we just won't know
Because

This is our home but what can we do
Millions of vehicles still burning their fuel
My conscience is going and hope yours is too
Will we ever learn too...
Promises bound
White papers not enough
Heads to the ground
There's beauty but not enough

Tides are turning
Sky is red
Still we learn, wild
Skies out there
