chorus:

the club's turned up, we all
all this drink in my cup, got me all night!
i'ma take you to the 'till i fall out!
everytime we're in the club we roll out,
drink, drink, drink, 'till i fall out!
drink, drink, drink, 'till i fall out!
drink, drink, drink, 'till i fall out!
drink to the i don't know what you

bottles up, he's going down, (down, down)
and tell that waitress to bring another round!
all cushed up, i'm sitting alone,
and my chick is frozen like i let her sit in snow.
ugly chick up in my face i had to tell her straight,
she must have been twisted, spilling all the liqueur on
my shirt!
fifth bottle (fifth bottle), my vision blurred!
now i'm on her like i'm trying to make that kitty burn!
so drink up, drink up!
now get your.. swallow all that.. stuff!
big shots, then i'm gone leave that kitty torn!

chorus:

drink, drink, drink, 'till i fall out!
drink, drink, drink, 'till i fall out!

is got us feeling like we all fly.
