Ooooo  
Ooooooooo  
Yeah

(Love is where you are  
The music's in my heart  
Love is where you are)  
Need to know  
Need to know  
Need to know  
(I didn't mean that stuff)

Ooooo yeah

For a little less, a little more  
Given up on hope because I've seen it all before  
Playing in another kind of fate  
Lost my way again  
Thought it was too late

(Far from the eastern sun  
You came...)  
You came and found me  
Patiently

(Love is where you are)  
My search for you is over  
And I finally made it home  
(The music's in my heart)  
Forever changing melody  
Singing perfect harmony

(Love is where you are)  
I need to know  
Said I need to know I'm near you  
(I didn't mean that stuff)  
Shining star  
Every where you are  
I will follow

(Love is where you are)

Love is where you are  
(The music's in my heart)

Walked through seven days and seven nights  
Living week to week  
Learning how to fight  
Crisis  
At a point of no return  
There was nothing left  
No where left to turn

(Love from a moonlit sky)

You changed  
My life  
Oh, yes you did

(Love is where you are)  
My search for you is over  
And I've finally made it home  
(The music's in my heart)  
Forever changing melody  
Singing perfect harmony

(Love is where you are)  
Need to know  
Said I need to know I'm near you  
(I didn't mean that stuff)  
My shining star  
Every where you are  
I will follow

(Love is where you are)  
My search for you is over  
And I've finally made it home  
(The music's in my heart)  
Forever changing melody  
We're singing perfect harmony

(Love is where you are)  
OoOo  
Said I need to know I'm near you  
(I didn't mean that stuff)  
My shining star  
Every where you are  
I will follow

(Love is where you are)  
Love is where you are, yes  
(The music's in my heart)  
Perfect changing melody

That's singing perfect harmony

(Love is where you are)  
Love is where you are  
Yeah, yeah, yeah, yes  
(I didn't mean that stuff)

No, no, no, no, no, no  
Noooooooo, no, no

(Instrumental outro)
