One night you swear to love eternally  
Next night youre tellin' me you must be free  
You call and whisper sweet things on the phone  
I'll call you back to find you're not alone

My hearts divided  
My loves undecided  
My hearts divided  
My loves undecided

If you dont love me you can tell me so  
But if you do you have to let her go  
Does true commitment scare your heart away  
Is indecision just a game you play

My hearts divided  
My loves undecided  
Is it her, is it me

My hearts divided  
My loves undecided  
Which one is it gonna be

I cant put up with what were goin through  
So let me tell you what Im gonna do  
Im gonna find somebody new and then  
When youre around to meeting you again

My hearts divided  
My loves undecided  
I'll love you like youre lovin me

My hearts divided  
My loves undecided  
If thats the way it has to be, we'll see

Im gonna keep your love all to myself, baby  
While Im also lovin someone else, baby  
Im gonna have my cake and eat it too, baby  
Just like you... just like you... just like you... just like you...

My hearts divided  
My loves undecided  
Is it her, is it me

Our hearts divided  
My loves undecided  
Which one is it gonna be  
It better be me

My hearts divided  
My loves undecided  
Love is made just for two

Our hearts divided  
My loves undecided  
Just for two, three wont do, thats true

My hearts divided  
My loves undecided  
Is it her, is it me  
Is it her or is it me

Our hearts divided  
My loves undecided  
Which one is it gonna be  
It better be me

My hearts divided  
My loves undecided  
I'll love you like youre lovin me  
She cant love you like I do

Our hearts divided  
My loves undecided  
If thats the way it has to be, we'll see  
It better be me

My hearts divided  
My loves undecided  
Love is made just for two  
It just better be me

Our hearts divided  
My loves undecided  
Just for two, three wont do, thats true  
It better be me
