It's time to make a movie like I'm Jane Fonda
Rock chanel with selene, I'm a fashion model
Designer trappin nigga, yeah that be the motto
Young and whip sag lookin like I hit the lotto

My all black givanchi look just like shinobi
It's 30 racks or better my diors be holding
The choppa with the big cammo rag on it
Versace scarf don't do no ski mask, homie
It's so much twerk around and thinkin y'all get big
meech
I cop a pound and bust it down and by a bomber piece
I'm so damn high, I'm sittin on the skyline
I'm so damn fly, they charge it to my sky mile
Ratchet hoes and model chicks that look like jordan
dain
She sexy want it so I'm smashing in my jordan runs
I cop the porsche, cop the rari, I might cop the aston
Fuck it, I hear the bunnies, cop the 4th
As I ride around and I get it, I ride around cause I
spend it
I'm strong around straight swagged up
And y'all cope will get wiht no bitches
I ride around and I get it, I ride around cause I spend it
I'm strong around straight swagged up
And y'all cope will get wiht no bitches, nigga
