People down the streets  
Up and down, shaking feet  
Everybody singing, singing I'm happy  
People down the streets  
You and me, shaking feet  
Everybody singing, singing I'm happy

La la li la li la li la  
La la li la li la li la  
La la li la li la li la li la

Singing I'm happy (happy, happy)

You .....promise ..... to your friends  
There are no meanings..... your dreams  
.....  
You have to find a way to live  
Just to reach that harmony  
To be your freedom you will be

This is your time to move  
Don't break it up cause it's time to groove  
Feeling good is what we are doing  
Bring it all down cause your feet are moving  
Coming on the floor I think you know  
.....smile ..... all time to go  
All over happy people everywhere  
Jumping up and down with their hands in the air  
Follow your dream and you will find  
Love and harmony for the whole mankind  
All happy people, everybody singing  
.... on the top, and .... something  
We all let go, follow your leader  
Make up your mind and we will achieve  
Live your life and try to get ....  
And don't forget singin I'm happy
