"Slipping Away"

Tested my patience, now feel my hate it's always
blinded
Me I'd pull the fucking trigger just to feel release the
Temptation of satisfaction, indulging in regret "I'm
About to overload" "hold back or explode" don't let go,
Don't let this moment crush you don't let go, don't let
This moment slip away I don't know anything anymore I
Don't know anything so many years ago, I lost my way
but
I never had it anyway sold my soul to learn it wasn't

Worth the price I paid the life I made a shot to the
Heart is just a shot in the dark I'm sick of feeling
Sorry for everyone but myself don't let go, don't let
This moment crush you don't let go, don't let this
moment
Slip away I can feel it, I can feel myself, slipping away
I'd turn back time to begin again, but it won't don't let
Go, don't let this moment crush you don't let go, don't
Let this moment slip away
