Ooohhh Yehhh Yehh Yeeh
Baby Baby why why

Oh I Look and i see
And i feel what is real
...??..
So i wait hesitate
Try to contemplate
Is she worth my love my tears
I've given my all

Now its too close a fatal attraction
its a simple reaction
I love you more and more
I've been waiting for a chance to come run now
I'm ready lets go now
She's nothing to you anymore

She's got something else
On the side for herself
while i waited to hold your hand
Only kiss is the sky
opens up to my eyes
I know what we feel is sure

Now its too close to a fatal attraction
you're my simple reaction
I love you like i never loved before
Is it too much
to ask for your love now
Its getting so strong now
I wanna be so much more

When you're down and out
I be calling on you
Oh will you come and open up to me
Is she more to you
than my love so pure
right now i will give you

Too close a fatal attraction

A simple reaction
I love you more and more and more
You are everything i needed now no
Yeah for sure now
I wanna give you so much more

Is it good to be bad
Or do you feel sad
But she runs around town playing with your friends
When your home in tears
I come release your fears
and you know what we have is sure

So too close a fatal attraction
you're my simple reaction
I need something so much more
You are everything i needed now no
I'm ready lets go now
You're someone else i cant let go

Too close...
you're too close
I just can't let go
Too close...
Too close...
I can't just let go
Too Close,
you're too close
Too Close,
you're too close
Too Close,
you're too close
Too Close,
you're too close
