You say I'm the one to set you free  
But still you don't open up your door  
You say my love is the remedy  
Can't you admit that it's secure  
Why can't you say you're afraid  
But so am I, but it's all right  
It's all right

Stay with me, lay with me  
Lean on me, call on me  
Run with me, dream with me  
Pray with me, fall on me  
Whenever you need me  
I'll be by your side  
As sure as the sun's gonna rise

We started something  
It's the real thing  
We got what everyone's waiting for  
They are so quick to judge what we can be  
But our flame is burning from the core  
Our fire is never gone fade  
So just close your eyes  
Cause it's all right  
It's all right

Stay with me, lay with me  
Lean on me, call on me  
Run with me, dream with me  
Pray with me, fall on me  
Whenever you need me  
I'll be by your side  
As sure as the sun's gonna rise  
As sure as the sun's gonna rise

Stay with me, lay with me  
Lean on me, call on me  
Run with me, dream with me  
Pray with me, fall on me  
Whenever you need me  
I'll be by your side  
As sure as the sun's gonna rise

(2X)

As sure as the sun's gonna rise (2x)
