Be real
Grow hairs and be real
'Cos I'm the real deal
Feel me, feel me
I'm for real
I'm for real

Gonna get in shape
Gonna cut down the drink
Gonna exercise
Spend time with the kids
It's not too late to make things right
Stay at home every other night
Improve my mind
Read a book
Spend quality time
Learn to cook
To learn about wine
Deal with bills
And deal with the hamper

Be real
Grow hairs and be real
'Cos I'm the real deal
Feel me, feel me
I'm for real
I'm for real

Get really excited about doing something worthwhile
Really committed
Going the extra mile
A really healthy lifestyle
No, for real
You're real
Get real ale
Keep music live

Come over here, I'll show you real life
You're just playing at it, trying it out
You dress like your dad, how's the wife?
You want something real

You want some real pain

Well try this for size
You want some real pain
So try this for size

Be real
Grow hairs and be real
'Cos I'm the real deal
Feel me, feel me
I'm for real
I'm for real

You want something real, you want something raw
Try this for size
Pick your teeth off the floor
I saw it on "Later"
So I got the CD, stone baked pizza
Oh deary me
Oh deary me
Are you for real?

DJs, Late Bar, Stone Baked Pizza
DJs, Late Bar, Stone Baked Pizza
Wanna make it a dance
Keep it real for the fans

Monday warmers in the pub
Be real
Trendy gets with home cut hair
Be real
This game's got brilliant graphics
Be real
Be real

Be real
Grow hairs and be real
'Cos I'm the real deal
Feel me, feel me
I'm for real
I'm for real

Real deal
I'm the real deal
I'm for real
I'm for real
