The drink that I drink is sexualized
The thoughts that I think are sexualized
The life I live is sexualized
I shoot from the hip 'cos I'm sexualized

The posters on the walls - all sexualized
Shopping malls - all sexualized
The car that I drive is sexualized
Yeah, the whole of my life is sexualized

Oh-oh, sexualized
It's keeping me up all day and all night
And I ain't got no more time for a wife
So, sex me, sex me, sex me, sex me, sex me, sex me,
sex
Me, sex me

Trade shows are sexualized
Student teachers are sexualized
Instructors in the gym - all sexualized
Fill you to the brim 'cos I'm sexualized

I woke up in the morning, I was sexualized
A new day was dawning, I was sexualized
Read a morning paper, it was sexualized
I really want to make her 'cos I'm sexualized

Oh-oh, sexualized
You keeping me up all day and all night
And I ain't got no more time for a wife
So, sex me, sex me, sex me, sex me, sex me, sex me,
sex

Me, sex me

Oh, I gotta shut my eyes
'Cos everywhere I look
Everything's sexualized
I said oh, I gotta shut my eyes
'Cos everywhere I look
It's all sexualized

It's all sexualized
Ooh, all sexualized
Unh, all sexualized
Unh

The girls in FHM are sexualized
Take a look at them, they're all sexualized
On the TV it's all sexualized
Everything that I see is all sexualized

Everybody in the street - sexualized
And bringing on the slings(?) - yeah sexualized
Yeah they're talking on their phones sexualized
And they're sitting in their homes all sexualized

Oh-oh, sexualized
You keeping me up all day and all night
And I can't even get it on with the wife
So, sex me, sex me, sex me, sex me, sex me, sex me,
sex
Me, sex me

Oh, I gotta shut my eyes
'Cos everywhere I look
It's all sexualized
I said, oh, I gotta shut my eyes
'Cos everywhere I look
It's all sexualized
