So I've made up my mind  
I will pretend  
To leave this world behind  
And in the end  
You'll know I've lied  
To get your attention  
I'm faking my own suicide

I'm faking my own suicide  
Because I know you love me  
You just haven't realized  
I'm faking my own suicide  
They'll hold a double funeral  
Because a part of you will die  
Along with me

Wish you thought that I was dead  
So rather than me  
You'd be depressed instead  
And before arriving at my grave  
You'd come to the conclusion  
You've loved me all your days  
But it's too late  
Too late for you to say

Because I'm faking my own suicide  
Because I know you love me  
You just haven't realized  
I'm faking my own suicide  
They'll hold a double funeral  
Because a part of you will die  
Along with me

I'll write you a letter that  
You'll keep  
Reminding you your love for me  
Is more than six feet deep  
You say aloud that you  
Would've been my wife  
Right about that time  
Is when I come back to life

And let you know  
I'd let you know

That all along I was faking my own suicide  
Because I know you loved me  
You just never realized  
I was faking my own suicide  
I'll walk in that room and  
See your eyes open so wide  
Open so wide  
Because you know  
Because you know  
You will never leave my sight  
(You will never leave my sight)  
Until the day that I die for the first time  
(Until I die for the first time)  
And we'll laugh, yeah we'll laugh  
And we will cry  
So overjoyed with our love that's so alive  
Our love is so alive
