We all know the gurls that i am talkin about
well we are time bombs and we are ticking and the only
questions when well blow up
and well blow up we know that without a doubt
cuz were those gurls, yeah, you know those gurls
that let theyre emotions get the best of them
GO!

and ive contrived some sort of a plan to help my fellow
man

lets get emotional girls to all wear mood rings
so ull be tipped off to when were ticked off
so ull know just what were thinkin
just what were thinkin

shes so pretty but she doesnt always act that way her
moods out swingin on a swing set almost everyday
she said to me that shes so happy its depressing
and all i said was "someone get that girl a mood ring"

if its drama you want then look no further
were like the real world
meets Boy meets world
meets days of our lives
dont it just kill you how we get away with murder?
well anger you then bat our eyes
those pretty eyes and watch you sympathize
GO!

and ive contrived some sort of a plan to help my fellow
man

lets get emotional gurls to all wear mood rings
so youll be tipped off to when were ticked off
so ull know just what were thinkin, just what were
thinkin

shes so pretty but she doesnt always act that way her
moods out swingin on tha swingset almost everyday
she said to me that shes so stressed out that its

soothing
and all i said was "someone get that gurl a mood ring"

cuz when its black means watch your back because
your probably
the last person in the world right now she wants to see
and if its blue it means that you should call her up
immediatly and ask her out because shell most likley
agree
and when its green it simply means that she is really
stressed
And when it's clear it means she's completely
emotionless
And that's alright I must confess

we all know the gurls that i am talkin about
she liked you wednesday but now its friday and she
has to wash her hair
dont it just figure that youll never figure us out?
well first were jeckyll and then were hyde, at least we
make a lovely pair

mood ring oh mood ring oh tell me will you bring
the key to unlock this mystery?
of gurls and their emotions
play it back in slow motion
so guys may understand the complex infrastucture
known as the female mind
