What do I do  
That amounts to  
Anything at all  
Wake me if I fall... asleep

My goals are what  
They should be but  
My mind will have to change  
And see things another way

I'll be Taken a bull by the horns  
Take the action in this world  
Jumping into the ring  
And take control of everything

The blame im not thinking that's me of course  
I look in the mirror and I see the source  
Spot my problems going to change my ways  
I need Gods love I need his grace  
I'm going to chage my ways- yeah yeah today

Once again  
I've fallen into sin  
Its like quicksand around my soul  
The more I struggle the stronger it holds  
Onto me i want to be free  
Want to be able to see  
That there's another way  
If I check myself to day I want to

Take a bull by the horns  
Take some action in this world  
Jumping into the ring  
And take control of everything

The blame im not thinking that's me of course  
I look in the mirror and I see the source  
Spot my problems going to change my ways  
I need Gods love I need his grace  
I'm going to change my ways- yeah yeah today
