I think we're going somewhere.
We're on to something good here.
Out of mind, out of state.
Trying to keep my head on straight.
I think we're going somewhere.
We're on to something good here.
There's only one thing left to do.
Drop all I have and go with you.
Somewhere back there I left my worries all behind.
My problems feel out of the back of my mind.
We're going and I'm never knowing (never knowing)
where we're going.
To go back where I was would just be wrong.
I'm pressing on.
Pressing on, all my distress is going, going gone.
(pressing on, pressing on)
And I won't sit back, and take this anymore.
"Cause I'm done with that,
I've got one foot out the door.
And to go back where I was would just be wrong.
I'm pressing on.
I think we're going somewhere.
We're onto something good here.
Out of mind, out of state.
Trying to keep my head on straight.
I think we're going somewhere.
We're on to something good here.
Adversity, we get around it.
Searched for joy, in you I found it.
You look down on me,
But you don't look down on me at all.
You smile and laugh,
And I feel the love you have for me.
I think we're going somewhere.
We're on to something good here,
And we're gonna make it after all.
