Find it funny when the punch-line was You. And You don't like my punk boy attitude. You didn't smile when I checked out that girl, or when my sin kept me in the world. And then I claim all I wanna do is praise Your name. I hate my sin, destroy it and mold in me from within. And then I claim all I wanna do is praise Your name. I hate my sin, destroy it and mold in me from within. And now I'm trying to keep the bad stuff away, but if I forget to keep Your word and pray. I love You Jesus, I need Your love in my life. I love You Jesus, I want to be like You Christ. And now I'm trying to keep the bad stuff away, but if I forget to keep Your word and pray. I love You Jesus, I need Your love in my life. I love You Jesus, I want to be like You Christ.
