[Hook]

Make that ass clap, make that ass clap  
I got all this money girl, make that ass clap  
Make that ass clap, make that ass clap  
Don't worry about it girl, make that ass  
Now make it clap, clap, clap, clap  
Now make it clap, clap, clap, clap  
I got all this money girl, make that ass clap

I think I fell in love girl, stop right there  
In the circus, watch she make it go girl  
Push her on got her saying oh my babe  
To speed that wagon you need a full gas tank  
For you boy  
Rocking that bull like I'm on the navy, cop back  
Loose yourself sometimes girl I go crazy, watch me  
Too many words, so let's put on a show  
And drop that, drop that, drop that, drop that

[Hook]

Make that ass clap, make that ass clap  
I got all this money girl, make that ass clap  
Make that ass clap, make that ass clap  
Don't worry about it girl, make that ass  
Now make it clap, clap, clap, clap  
Now make it clap, clap, clap, clap  
I got all this money girl, make that ass clap

Girl just lay it there, I'll treat you like my bad  
Couple red out with the finest thing that I ever had  
Then take it off and make a mess of it, yeah  
Anywhere that fire don't make... yeah, yeah  
Rocking that bull like I'm on the navy, cop back  
Loose yourself sometimes girl I go crazy, watch me  
Too many words, so let's put on a show  
And drop that, drop that, drop that, drop that

[Hook]

Make that ass clap, make that ass clap  
I got all this money girl, make that ass clap  
Make that ass clap, make that ass clap

Don't worry about it girl, make that ass  
Now make it clap, clap, clap, clap  
Now make it clap, clap, clap, clap  
I got all this money girl, make that ass clap

Look, I'm talking us 2, one on one  
You might think I'm into you  
Touch you first, wanna fuck you worst  
Won't know I be tempted to  
Quiet down, tied down, watch me put it into you  
Hits but ... this ain't no better view  
Round 2 for that night cap, if you like that  
When your friend's alone  
Cause that tension right when that bra come off  
And it's feeling like a ...  
And it's no place I rather be  
Sit here while she throw it back at me  
I ain't asked for this, she do it naturally  
So I clap for her while she clap for me

[Hook] x 2

Make that ass clap, make that ass clap  
I got all this money girl, make that ass clap  
Make that ass clap, make that ass clap  
Don't worry about it girl, make that ass  
Now make it clap, clap, clap, clap  
Now make it clap, clap, clap, clap  
I got all this money girl, make that ass clap
