Chorus

I wish I could be right about love
I just wanna be right about love
When the evening comes, and it's all said and done
I wish I could be right about love

Verse 1

There was a time when I got used to being alone
Walking around with a heart made of stone
Every day going through the motions
Wouldn't let myself feel real emotion

Chorus

Verse 2

I just don't believe in love at first sight
And I've never seen, lightning strike twice
How I hope you'll prove me wrong
Help me believe love can stay strong

Bridge

It's a walk in the desert. It's a leap of faith
It's a chance to let go of the choices I made

Chorus
