she wear the chuck chuck taylors
just like her feet been tailored
to fit into those laces perfectly

classy yet so crazy
knows how to be a lady
she walk around, ain't got no one to please

I'm afraid to jump the gun this time
got a tendency to lose my mind
girl you're driving me crazy, wanna get it right this time
feelin' good just when i hold your hand
and i'm certain i could be your man
but my heart, its took a beatin' wanna get it right this
time

she wanna take on danger
no one could ever change her
im freakin out somehow she's calm and composed

her signals always cloudy
but she knows all about me
i try to hide but in the end im always exposed

I'm afraid to jump the gun this time

got a tendency to lose my mind
girl you're driving me crazy, wanna get it right this time
feelin' good just when i hold your hand
and i'm certain i could be your man
but my heart, its took a beatin' wanna get it right this
time

how am i supposed to rest with that little pen on my
desk
if i dont return it, ill burn it to the ground

maybe we'll talk all this out, you know id love to find out
if this bruised heart is ever gonna love again

I'm afraid to jump the gun this time
got a tendency to lose my mind

girl you're driving me crazy, wanna get it right this time
feelin' good just when i hold your hand
and i'm certain i could be your man
but my heart, its took a beatin' wanna get it right this
time
