Lord, won't you please guide these feet  
You're the only one that knows where I need to be  
Lord, won't you hold onto me  
Till the Living Water's all I want to drink

I went down to the river and I saw  
The precious water You created for my soul  
So I jumped on in and then new life begin  
Only up to you I give it all

Lord, won't you please guide these feet  
The only one that knows where I need to be  
Lord, won't you please guide these feet  
Till the Living Water's all I want to drink

There's a stranger walkin' behind my back  
Such a mean old punch you know he packs  
Give me strength to turn, maybe show some concern  
Sympathy's the place where I most lack

Lord, won't you please guide these feet  
You're the only one that knows where I need to be  
Lord, won't you hold onto me  
Till the Living Water's all I want to drink

Won't you help me with my unbelief  
I got Thomas syndrome and some freezing feet  
Lord, won't you please guide my feet  
To the Living Water I know I need to meet

I'm in love with the world oh yes am I  
But I know I should be lookin' to the sky  
So give me eyes to see  
What ya got in store for me  
So I will not be dreadin' the day I die

Lord, won't you please guide these feet  
You're the only one that knows where I need to be  
Lord, won't you hold onto me  
Till the Living Water's all I want to drink
