I thought that one night is all that I would need
To get you off my mind, and I'd be free
But you come creepin' back to the deepest part of me
You know I thought that,
One night in my arms is what you'd get
Wash out the pain and the regret
The only way that it would happen's if you let

Me get a little bit higher,
Soaring through the cloud like a bird yeah
Little bit softer,
Listen to the words I say
You are the one that slipped away
Sorry if this is too delayed
I'll get you back one day
Holding on to maybe

I tried one kiss from another set of lips
Sweet cabernet just take a sip
In comparison to her oh you eclipse

Get a little bit higher,
Soaring through the cloud like a bird yeah
Little bit softer,
Listen to the words I say
You are the one that slipped away
Sorry if this is too delayed
I'll get you back one day
Holding on to maybe

Let love come raining on our souls
Only one is you that I chose
Breathless, I'm out of words to say

You are the one that slipped away,
Sorry if this is too delayed

Get a little bit higher,
Soaring through the cloud like a bird yeah
Little bit softer,
Listen to the words I say

You are the one that slipped away
Sorry if this is too delayed
I'll get you back one day
Holding on to maybe
