I call your number and you didn't pick up  
Baby I was such a fool to think that  
You'd call back at all  
Misery is like a badge I carry  
Baby girl I thought we'd get married  
Instead of this fall away

You know that it kills me every time  
You come running in and out my life  
In and out of my life, In and out of my life  
Well you were a ten just like a dime  
But you hurt me again a thousand times  
In and out of my life, In and out of my life  
In and out of my life

For the record girl I didn't wanna resign  
But I could tell that you just didn't wanna be mine  
Anymore no no  
Now I miss you like the summer sunset  
How it snowed around the first time we met  
Damn I hate this fall away

You know that it kills me every time  
You come running in and out my life  
In and out of my life, In and out of my life  
Well you were a ten just like a dime  
But you hurt me again a thousand times  
In and out of my life, In and out of my life  
In and out of my life

And when it snows on the east coast  
I think about you every time  
January oh eight, hope that I'm not too late  
And now I say damn those blue eyes  
The ones I looked at thinkin you're my soul mate  
But I'm just too late, and how I miss our first date

You know that it kills me every time  
You come running in and out my life  
In and out of my life, In and out of my life  
Well you were a ten just like a dime

But you hurt me again a thousand times  
In and out of my life, In and out of my life  
In and out of my life
