I love you from her lips came leaking  
Too bad it was the bourbon speaking not her heart  
Wait till the new day starts  
Teary eyed the last time I saw her  
I'm wonderin' should I get up and call her or just wait  
Or would it be too late?

Everyone loves the way she looks  
Everyone loves the way she talks  
To every single guy, looks him in the eye  
Like she's in love with him  
But she ain't doin' me right  
Maybe I should just keep her down  
I'm probably so lucky to have her by my side  
But she ain't doin' me right, she ain't doin me right

She's always out with the boys dancing  
Vicariously romancing in her head  
But she leaves that unsaid  
It makes her day to see me jealous  
She doesn't even know I've caught on to her games  
Such as "boy's always the one to blame"  
Everyone loves the way she looks  
Everyone loves the way she talks  
To every single guy, looks him in the eye  
Like she's in love with him  
But she ain't doin' me right  
Maybe I should just keep her down  
I'm probably so lucky to have her by my side  
But she ain't doin' me right, she ain't doin me right

My baby, ooh she gonna do me right  
Ain't saying we ain't ever gonna fight  
But she will love me almost as much as you love  
yourself

Everyone loves the way she looks  
Everyone loves the way she talks  
To every single guy, looks him in the eye  
Like she's in love with him  
But she ain't doin' me right

Maybe I should just keep her down  
I'm probably so lucky to have her by my side  
But she ain't doin' me right, she ain't doin me right
