This town is burning  
But I'm afraid to step out on my own  
I'm afraid to be alone  
My heart is beating  
Right about to jump out of my chest  
But I don't know what's best  
For me

One shot, you can take it oh,  
One heart maybe you'll break it but go  
These days you don't get second chances  
This life you wanna Live it light  
But this time you gotta do it right  
These days you don't get second chances.  
Get second chances  
Wa ah ah oh  
These days you don't get second chances

This night is restless  
But I've got a burning in my bones  
I need to step in the unknown  
What if I don't make it  
What if I come toppling from Toppling from up high  
Well at least I'll know I tried  
I've gotta try

One shot, you can take it oh,  
One heart maybe you'll break it but go  
These days you don't get second chances  
This life you wanna Live it light  
But this time you gotta do it right  
These days you don't get second chances.  
Get second chances  
Wa ah ah oh  
These days you don't get second chances

To say I should've done it this way  
I should've done it that way  
And now I've got it no way  
At all  
I've got it no way at all

One shot, you can take it oh,  
One heart maybe you'll break it but go  
These days you don't get second chances  
This life you wanna Live it light  
But this time you gotta do it right  
These days you don't get second chances.  
Get second chances  
Wa ah ah oh  
These days you don't get second chances
