I think it's obvious, that girl, I've been missin'
All your good lovin', and I know that you've missed me
I think it's obvious, that yeah, you feel it too
In one when I'm with you,
Like when the sweet meets the tea
And I can't say when I'll return
But you're the best thing I've known

Gonna take it on home, gonna take it on free
Meet up in a small town, where love is easy
Small town love is easy

Girl it's ridiculous, the miles between our flesh
Oh I've been spendin' time out west
Baby we can stand the test
I don't know where we started
But how I feel for you has grown

Gonna take it on home, gonna take it on free
Meet up in a small town, where love is easy
Small town love is easy

Oh it's gonna feel so good
Grab you by the hips and pull you in
Cuz girl it's been way too long

Gonna take it on home, gonna take it on free
Meet up in a small town, where love is easy
Small town love is easy

Small town love yeah
Small town love is easy
