woke up one morning,
too usual searching,
keys, wallet, and cell phone,
and remember, how it got there,
completely unknown

right above the G-abbey
guess thats how she found me
maybe i found her
sure of my words they didn't slurr

Chorus:
she had the damn dress,
wonder who the guy shes tryin' to impress
is that me, could it be
shes such a mystery
wonder if shes ever been kissed
was it that first time when i missed,
i won't miss her next time,
won't miss her next time

(music)

she says are you crazy?
but in a good way, baby

she says that she loses me
when i talk about music

too make this song a bit more real

feeling good when i'm with her
our first meeting was a blur
on the way

she stopped me under the street light
i'm so glad her saw my face

Chorus:
she had the damn dress,
wonder who the guy shes tryin' to impress

is that me, could it be
shes such a mystery
wonder if shes ever been kissed
was it that first time when i missed,
i won't miss her next time,
won't miss her next time

we can play those games now
if you want to

skip though that whole mess
you know i think that would be the best
you know i think that would be

Chorus:
she had the damn dress,
wonder who the guy shes tryin' to impress
is that me, could it be
shes such a mystery
wonder if shes ever been kissed
was it that first time when i missed,
i won't miss her next time,
won't miss her next

wait a lil' while now girl
cuz i am gonna rock your world
just you wait and see
