Entwined
Your body's white lines
Fleas on fabric
As I close the blinds, close the blinds and say
Pull just a little bit more, freeze and begin
I'm getting so much better with my hands on your skin

Can you feel it? (Yes I can feel it)
When I'm at Jenny's house
I look for balance (Forget your parents)
But it's just cat and mouse
We're in this part of the city where children don't sleep
I can feel it in my bones and my feet
And in the legs of the women and boys that I meet
They're attracting me

Well this is me
A tupper's young ewe
I'm turning all of my feelings in to jelly and goo
Because it makes me angry
When you are sitting next to me
I came as Cupid, I came as Holly
Specifics never matter when I come into your body

There's a fire, fire in my house
But it doesn't really matter cause I never put it out
There's a hole in your holey jeans
But it makes you so happy that it's always seen

Can you feel it? (Yes I can feel it)
Yeah can you feel it? (Yes I can feel it)
Can you feel it? (Yes I can feel it)
Yeah can you feel it? (Yes I can feel it)

Sweat, sweat, sweat
Sweat, sweat, sweat
Sweat, human
