Daniel left you for another boy
Indeed he did you like a windup toy
Oh whyo, whyo
Oh whyo why is he mean?
He's never what it seems

Lie awake in the middle of the night
Can't fall asleep cause you don't feel right
Being helpless is never quite as fun as it seems
Filling up with dreams

Where have you been for the last two weeks?
What did you do? What did you see? Did you use it?
I want to know because I want to abuse it I'm not sure
The path that leads you home

Wrote a letter that I just won't send
Felt the hairs on my body stand up on end
Too many windows, but never time enough to look
through
What can I do?

Staring at you with a sideways glance
Oh boy, take a second give me a chance
You know I love you! I want to take out again see,
What you did to me

Where have you been for the last two weeks?
What did you do? What did you see? Did you use it?
I want to know because I want to abuse it I'm not sure
The path that leads you home

So introspective
So self-assured
You'll ask a question
The answers surely
Not what you expected
Walk out that door
I feel so fucking weird when I go to bed at night

Natural bridge on a natural bridge

If you take what you want
You will get what you give
