Walking home, arrow shot
Sebastian tied in a knot
Don't wanna say this the way I know

Don't penetrate, don't open wide
Lemon spills out from the side
But when it does Catch it before it's too late

I can hear 'em laughing when I first wake up
Look at those crazy boys over there
Tall ones short ones messing around,
Circle ring, ring, triangle, square

No ones going to mess with me
Not the people next to me
Sucking my emotion, you just don't care

I want to sleep with it next to me
Show you that I want to be
No one's going to make it feel
Sunny and fair

Albion
Nest with you babe
Knees bend and I am afraid
This is the way I go

Pendulum
Back and forth
You turn around and south becomes north
This is the way I know:

Stare into it don't look away
We wanna bend and move them everyway
And if the pills don't do it throw them away
We want to melt into it everyday

I see the stars are sitting next to me
Show you that I want to be
Mincing my emotion you just don't care

I want to sleep with you next to me
Show you that I want to be
Mincing my emotion
You just don't care
