"Believe Me"

You looked like a star in the neon
After a line
Just one thing we had to agree on
Your place or mine?

This one night stand of ours
Has gone a month too long
You better believe me
Because the cold hard truth is
I had a good time
And I had some fun, yeah
But I never loved you
You better believe me
Because I wouldn't lie to you

Our lust sent us both on a bender
It couldn't last
Now trust cut with speed can't be tender
Why can't you feel the crash?

So now it's gone too far
Better nip you in the bud
You better believe me
Because the cold hard truth is
I had a good time
And I had some fun, yeah
But I never loved you
You better believe me
Because I wouldn't lie to you

To lie is to care
To care is to feel
To feel is to love
To love is to lie
Bye-bye, bye-bye
