How that cow got loose is mysterious  
I don't think that we'll ever really know  
Finding it will be such a bitch  
A cow is not like a pair of lost earrings  
Lost earrings are easily replaced  
And forgotten until they turn up, until they turn up  
Goddamn! You lose a cow  
You've got to find it, you've got to find it  
Through brush and woods and muck and woods  
We know she'll turn up, know she'll turn up  
Through brush and woods and muck and woods  
We know she'll turn up

We know she'll turn up  
Before dark  
We hope

A secret is like the lost earrings  
There is no cow-urgency in getting it out into the open  
At least not until you're all alone  
And a big bull-secret is staring down at you  
Staring down at you, a big bull-secret  
It's staring down at you  
It's not like a pair of lost earrings

The two of you  
In some small gulley  
You in red  
You in red
