Go go happy girl, happy girl go  
Happy happy go go, go happy go  
Go go happy girl, happy girl go  
Don't you ever crash! Yow!

She's drivin' into town just as fast as she can  
She's her own happy psycho scene  
She's a super funky hero with a little dab o' glitter  
And that's alright with me  
With black jack boots and leather plaid pants  
She can really throw you some shade  
The boys had better watch out, she's gonna kick some  
ass  
She's Hello Kitty with a razor blade

Won't get up 'til two, 'cause there's nothing to do  
And she hates to see the light of day  
She takes what she wants, and she wants it all  
So you better not get in her way  
She's her own sound system with a sonic boom crash  
Just a jet-settin' on the dole  
And if you ever see her, you're gonna wanna meet her  
She's so fuckin' rock and roll!

Go go happy girl, happy girl go  
Happy happy go go, go happy go  
Go go happy girl, happy girl go  
Don't you ever crash! Yow!

What ever happened to that happy girl?  
Living in her happy world  
She's just how I want to be  
Don't you ever crash on me, crash on me  
Don't you ever crash on me! No!

Hope you're happy baby, hope you got what you want  
Hope you're happy baby, hope you got what you want  
Are you happy baby? Did you get what you want?  
Did you get what you want? Did you get what you want?  
Hope you're happy baby, hope you got what you want!
