"Nothing There"

Overwhelmed and it all feels the same
That's when the road calls out my name
Envelop me in brown and blue, into the big empty
Watch the sky turn into flame
Feeling how the air is dry
And how I can see all of the stars up in the sky
I get so aware
So much nothing there
Nothing!

I dance around in wide open space
Nothing here in this exquisite place
Catch a beating from the sun, happy bruises in my
head
Clears it all with heated grace

Repeat twice:
Feeling how the air is dry
And how I can see all of the stars up in the sky
I get so aware
So much nothing there
So much nothing there...
