Raise yourself unto the sky
Feel the sun, it gets you high
Unaware of your beauty
Can't you see you grow for me?
You can't keep yourself from growing
Future seed, always showing
Very soon you will be glowing
When will you, when will you, when will you know?

Hey! Hey! Hey!
Hey! Hey! Hey!
Hey! Hey! Hey!

Oh, oh...

And the rain when it comes down
Makes you rise up from the ground
Reaching for a higher state
Feeling yourself dilate

Seasons change and time is flowing
As you bloom, colors showing
Feel the anxious waiting going
When will you, when will you, when will you know?

Hey! Hey! Hey!
Hey! Hey! Hey!
Hey! Hey! Hey!

Oh, oh...
Oh, oh...

You are the flower, I am the bee
When we're together you're all I see
You are the flower, I am the bee
We've got the power, you are the key

Hey! Hey! Hey!

You give yourself to me,
Sacred gift for all to see

Soon enough again we'll meet,
Creating taste so sweet

Now your seeds they will be showing
And the others start growing
Yes, the cycles keep on going
When will you, when will you, when will you know?

Hey! Hey! Hey!
Hey! Hey! Hey!
Hey! Hey! Hey!

Oh, oh...
Oh, oh...

You are the flower, I am the bee
When we're together you're all I see
You are the flower, I am the bee
We've got the power, you are the key

You are...
You are...
You are... I am the bee...
You are...
You are...
You are...
I...
Am...
The...
Bee.
