Sparring deep into the night, siphoning hate with cruel  
delight  
Conversations in a maze, emotion unchecked and out  
of phase  
Questioning fear and jealousy, glaring insecurity  
Is this what you want?  
Spilling from a cloudless sky, with clipped wings I said I  
would try  
But did I lie?  
I thought it was wise to hide the lies  
But now I recognize this compromise  
Oh, oh, oh, oh ,oh this compromise  
Oh, oh, oh, oh, oh, oh, this compromise

Dancing in a spiral cage, a quarantine for all the rage  
Trapped in a fate of poor design, toe to toe on a  
downward line  
Is this what you want?

I thought it was wise to hide the lies  
But now I recognize this compromise  
Oh, oh, oh, oh, oh this compromise  
Oh, oh, oh, oh, oh, oh, this compromise  
Is this what you want?  
Oh, oh, oh, oh, oh, oh...  
Is this what you want?  
Well then take it...

Oh, oh, oh, oh ,oh this compromise  
Oh, oh, oh, oh, oh, oh, this compromise

This compromise...  
(repeated six times)
